

Introducing 2015 Goulburn Showgirl

Bonnie Skinner

Bonnie is 24 years of age and is currently employed as a Territory Manager for an animal health company Jurox.

Some of Bonnie's hobbies include playing piano, reading, cooking, fishing and attending live music and theatre. Bonnie is also a successful competitive horse rider and showjumper.

Some of Bonnie's ambitions include: to complete a Graduate Diploma in Agronomy and Master of Science in Agriculture, to become involved in nutrition consultancy for livestock and equine and to compete at an A-grade showjumping level.

Bonnie entered the Showgirl competition to meet girls in her age group who are motivated and ambitious, to become involved in her new community (Bonnie recently moved to Goulburn from Wagga) and to demonstrate that girls, who are born in cities, can have a natural affinity for rural life and the desire to contribute to rural communities.
